Jackson's Point, Ontario

An **Auragraph** is an inspirational drawing by a medium who uses their psychic ability and a connection with the Spirit World to access information which goes into its makeup. Through the interpretation of colours, symbols and numerology, an auragraph is used to provide a perspective of an individual's pathway in life, their past, present and potential future. It is usually accompanied by a reading which will very often provide insight into a person's psychic and spiritual abilities and provide guidance to help them fulfill their potential.

### Learn how to draw and read an auragraph
