Weekly/Monthly Schedule

Development/Meditation Circle

There are many reasons why sitting with a group is invaluable for developing intuition and mediumship as well as strengthening integrity; the following are only a few:

- it creates a common ground with others, creating a nurturing and stable environment.
- it offers the opportunity to share experiences.
- it helps create discipline.
- it offers an opportunity to assist in the development of others' mediumship, while working toward your own.
- it offers an excellent support group.
- it offers the assistance of a teacher who can guide in your development.

The Gateway holds weekly Development Circles for those interested in learning how to tap into their spiritual and psychic energies. If you're interested or want more information please call:

270-3341 - Fee: \$30/month

Private Readings available throughout the month - min. charge of \$30 applies.

December
2004

Spiritualist Society *and* The Gateway Centre

"Right thought is based on God; it is God-thought, re-create your body, your life, your soul, every day, and you build your spiritual achievement, through thought. "... remember the importance of steadily 'keeping on keeping on'; for the one who sees their goal and works steadfastly towards it attains perfect health and happiness."

... White Eagle
