## Development/Meditation Circle

There are many reasons why sitting with a group is invaluable for developing intuition and mediumship as well as strengthening integrity; the following are only a few:

- it creates a common ground with others, creating a nurturing and stable environment.
- it offers the opportunity to share experiences.
- it helps create discipline.
- it offers an opportunity to assist in the development of others' mediumship, while working toward your own.
- it offers an excellent support group.
- it offers the assistance of a teacher who can guide in your development.

The Gateway holds weekly Development Circles for those interested in learning how to tap into their spiritual and psychic energies. If you're interested or want more information please call:

# Teachings of Spiritualism

"If we raise up one soul, if we give comfort to one who mourns, if we give hope to one who is faint-hearted, if we give strength to one who is weary, then has it not been worth doing?"

"Think of the many whom our message disturbs, whom it puzzles, who are perplexed, how, bound to a creed, cannot escape - yet they hear the voice of freedom calling to their imprisoned souls and their minds struggle to be free.

"They are the ones for whom the message is intended, those to whom it comes as an incentive to reach out to what before was unattainable. All truth is but a stepping stone.

"The world must learn to perform its own salvation. There is no ready-made plan. There is no prepared, cut-and-dried system. Your world has to learn that, behind what it regards as the manifestations of life, there is the eternal reality of the spirit, that the children of matter are not only worldly beings but spiritual beings expressing themselves through bodies of matter.

"Have you who possess this knowledge of Spiritualism ever tried to strike a balance? You have something that your world cannot measure. You have the priceless knowledge of the truths of the Great Spirit. You have the realisation that your soul is linked with his great soul. You have the knowledge that you are a part of the Great Spirit. You have learned how to respond to the vibrations of the messengers that the Great Spirit sends to watch over you.

"There are three great problems in the world of matter. One is ignorance, another is sorrow, and the third is poverty. These three things you will always have until knowledge of the spirit is joined with politics and the children of earth think and live as the new knowledge shows them."  
Silver Birch (spirit guide)
